Dear Ms. Paula Shaw,

Congratulations to Dr. Sharon Alton on being selected as a grant recipient for the Interdisciplinary Research Leaders (IRL) Health Equity Project Grant in the award amount of \$10,000. This letter will provide clarification around some of the details of the award.

Funds can be moved around within the \$10,000 award. Approval is not required for any reallocations or budget modifications. This can be done at the discretion of the Principal Investigator, Dr. Sharon Alston.

Funds do not need to spent by December 31, 2020. We recognize that the timeline for the disbursement of these funds was ambitious and spending down the entire \$10,000 by the end of 2020 will not be possible. We are okay if funds are spent in 2021. Regarding the one-page summary of what was done with the funds that is due to the IRL National Program Office by January 15, 2021 – if funds have not been completely spent down, this can be a progress report/update. A final one-page summary will be required once the project has been completed (TBD in 2021).

Please feel free to let me know if you have any questions.

Sincerely,

We see the future in you.

At the beginning of 2020, the city of Norfolk began moving residents out of the low-income public housing of St. Paul's communities and relocating them into neighborhoods with less poverty rates. As a result, the 2,200 families residing in the three of the seven remaining public housing communities will be forced to relocate. The process of moving can be stressful for families particularly for families with limited financial and human resources. Further exacerbating the challenges associated with relocating, is Covid-19. Today, many of the residents of St. Paul which are economically and socially disadvantage are now grappling with issues of both health and housing.

Health inequalities already exist among residents in St. Paul's. For example, residents within the St. Paul's community have a median household income of \$12,838 and a life expectancy of 61.5 years, which is the 15th lowest life expectancy Census Tract in the country. According to Robert Wood Johnson Foundation (2017), "achieving health equity requires societal actions to remove obstacles to health and increase opportunities to be healthier for everyone, focusing particularly on those who face the greatest social obstacles and have worse health" (p.8). They further assert that achieving health equity requires engaging excluded or marginalized groups in identifying and addressing their health equity goals. This project seeks funding to partner with the Garden of Hope Community Development Corporation, a non-profit community organization in Norfolk Virginia, to meaningfully engage residents of the St Paul's community in a listening campaign to identify mechanisms of structural racism that impact access to resources for low income, Black, Indigenous and People of Color (BIPOC). The listening campaign will be a series of meetings either virtually or in person using social distancing and personal protective equipment. Specifically, we will explore how Covid-19 has impacted resident's health, financial resources, their ability to relocate, and identify strategies residents can use to mobilize and elevate community voices to gain access to influence public policy. A final goal of this project is for the residents disseminate the results of the listening campaigns at the Norfolk Housing Redevelopment Authority Monthly board meeting where further decision about the relocation process will be made.

By incorporating community voices, we actively engage those most affected by health disparities in the identification, design, implementation, and evaluation of promising solutions to health inequality (RWJF, 2017). By sharing community voices, we can advocate for the elimination of racial inequalities and insist policy makers reconsider how they incorporate community members' voices in decision-making related to housing and health care policies. In doing so we help health care providers, and housing authorities understand how negative racial impacts of housing and other social welfare policies coupled with vulnerabilities in health care further marginalize racial minorities. We hope that policy makers can use resident narratives to eliminate negative racial impacts and advance equity thereby creating healthier and equitable communities for all people.

Project Budget

Budget Item, Requested Amount and Justification – Total Requested \$10,000.00

\$2,500.00 Supplies and Equipment

\$2,000.00 Research Related Stipends

Funds will be used for compensating four community residents for facilitating listening campaigns at a rate of \$500.00 each. This rate is used to avoid impact resident's income and subsequently increasing their rental payments

\$2,500.00 Faculty Development Training

If the Certificate indicates coverage applicable insurance policies will expire prior to completion of all terms of this Contract, the Contractor will furnish a certificate of insurance evidencing renewal of such coverage to the City within 10 days of the effective date of such renewal. All certificates will be executed by a duly authorized representative of each insurer, showing compliance with the requirements of this Agreement. Failure of the City, and, or the City's designated agents for this Agreement, to (1) demand such certificates or other evidence of full compliance with these requirements, and, or, (2) identify a deficiency from evidence that is provided, will not be construed as a waiver of the Contractor's obligation to maintain the insurance required in this Agreement.

This paragraph shall survive the expiration or termination of this Agreement.

Any such cancellation may be by a written notice from the City to NSU.

The receipt by the City or NRHA of CNI grant funds shall not constitute an appropriation nor shall receipt of CNI grant funds create any obligation of the City to appropriate such funds for the purpose of compensating NSU for services performed under this Agreement.

8. PAYMENT OF SUBCONTRACTORS.

NSU is obligated to take one of the two following actions within seven (7) days after receipt of amounts paid to the Contractor by the City for work performed by any subcontractor under this Agreement:

a. Pay the subcontractor for the proportionate share of the total payment received from the City attributable to the work performed by the subcontractor under this Agreement; or

b. Notify the City and the subcontractor, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

NSU is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven (7) days following receipt by the Contractor of payment from the City for work performed by the subcontractor under this Agreement, except for amounts withheld as allowed in subsection b., above. Unless otherwise provided under the terms of this Agreement, interest shall accrue at the rate of one percent (1%) per month.

NSU shall include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.

6

NSU's obligation to pay an interest charge to a subcontractor pursuant to this section may not be construed to be an obligation of the City. A Contract modification or Amendment to this Agreement may not be made for the purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

Notwithstanding any provision of this Agreement to the contrary, the City and NSU expressly agree that no person not party to this Agreement is intended to be, nor shall such person be construed as, a third-party beneficiary to this Agreement."

9. FORCE MAJEURE.

NSU shall not be held responsible for failure to perform the duties and responsibilities imposed by this Agreement if such failure is due to fires, riots, rebellions, natural disasters, wars, acts of terrorism, or an act of God beyond control of the Contractor, and outside and beyond the scope of the Contractor's then current, by industry standards, disaster plan, that make performance impossible or illegal, unless otherwise specified in the Contract.

The City shall not be held responsible for failure to perform its duties and responsibilities imposed by this Agreement if such failure is due to fires, riots, rebellions, natural disasters, wars, acts of terrorism, or an act of God beyond control of the City that make performance impossible or illegal, unless otherwise specified in the Contract.

10. CITY OF NORFOLK BUSINESS LICENSES.

7

In addition to any right to terminate, the City may enforce any remedy available at law or in equity in connection with such default, and Contractor shall be liable for any damages to the City resulting from Contractor's default. The City further reserves the right to immediately obtain such work or services from other entities in the event of Contractor's default.

12. SUSPENSION OR TERMINATION OF AGREEMENT BY CITY.

The City, at any time, may order Contractor to immediately stop work on this Agreement, and/or by thirty (30) days written notice may terminate this Agreement, with or without cause, in whole or in part, at any time. Upon receipt of such notice, the Contractor shall immediately discontinue all services affected (unless the notice directs otherwise), and deliver to the City all data (including electronic data), drawings, specifications, reports, project deliverables, estimates, summaries, and such other information and materials as may have been accumulated by the Contractor in performing this Agreement whether completed or in process (unless otherwise directed by the notice).

A. If the termination or stop work order is due to the failure of the Contractor to fulfill any of its Agreement obligations, the City may take over the Work and prosecute the same to completion by contract or otherwise.

B. Should the Agreement be terminated, or work is stopped not due in any way to the fault of the Contractor, the Contractor shall only be entitled to compensation for services actually performed and materials actually supplied prior to notice of termination or to stop work and which are approved by the City and any applicable federal or state approving agency. No profit, overhead, or any other costs of any type are allowed after the date of such notice of termination or stop work

order.

C. The rights and remedies of the City provided in this Section are in addition to any other rights and remedies provided by law or under this Agreement and City may pursue any and all such rights and remedies against Contractor as it deems appropriate.

15. SEVERABILITY. If any provisions of this Agreement are held to be unenforceable, this Agreement shall be construed without such provisions.

16. WAIVER.

The failure by a party to exercise any right hereunder shall not operate as a waiver of such party's right to exercise such right or any other right in the future.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, SHI OBO City of Norfolk Purchasing Department (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Salaries

A total of \$182,280 is requested for the PI, Co-PI and one senior personnel over the five year project.

In addition, the Principal Investigator will devote one summer month of effort to the project each year. The senior personnel, Fernandez, will dedicate 0.5 summer months to the work each year. A 3% salary increase has been budgeted for all personnel for each year.
